

BRAND PRESENTATION

—
**AMERICA'S FINEST
CHEFS DEMAND
CHIPPERBEC.**

Chipperbec potatoes have been developed over the past 40 years by America's most experienced potato farmers to meet all of the demands of today's restaurant chefs. We represent one family spanning six generations of potato growers. Our rigorous seed selection and historic growing processes throughout the country ensure that restaurateurs can rely on our product 365 days of the year.

OUR HISTORY

As a young, hard working company with a passion for quality, our mission is to extend this passion to every aspect of our full-scale operations from multiple areas of the United States and Canada. FAMILY FARM POTATOES

We're a 6th generation family farm with no institutional funding. Our organic growth is not outpaced by demand, allowing us to focus on cultivating, planting, growing and harvesting. Our rigorous and delicate storage and handling ensures that we provide a year-round, consistent supply for our customers.

We propagate, grow, and harvest our own varietal seed selection, providing seed security and our proprietary practices involve cultivating, planting, growing and harvesting.

As an extraordinary reliable brand, we want to provide the ultimate experience. We're driven by the satisfaction of the end user.

While entrenched in that process we will remain purposeful.

Guided by **HARD WORK**, dedication, positivity, optimism and gratitude.

Galvanized by what we've built and motivated by what we are building.

OUR VISION

What sets us apart is our selective focus on the sustainability, development and improvement on our land, facilities, processes, family, and vision. We are customer driven and selective.
